

Say this rhyme out loud. Listen out for Golden Girl's 'g...' sounds as you say the words.

Grapes growing in the greenhouse.
Grass and flowers, grown from seed.
Golden Girl's gorgeous garden
looks very good indeed!

How many geese are following Golden Girl?

Write the number in the box.

Note to Parents: Rhymes are a good way of playing with language and developing the ability to listen carefully for a recurring sound at the start or at the end of a word.
