

Where's My Goat?

Help Golden Girl find a path through the long grass to her goat, by colouring the circles with her letters in them green.

How many circles did you colour?

Write the number in the box.

Colour the shapes if they have Golden Girl's letter in them. Leave all other shapes empty.

How many objects did you find?

Write the number in the box.

Did you find Golden Girl's letter shape in the picture too?

Note to Parents: This activity promotes physical development through pencil control, and discrimination of letter shapes and meaningful objects within a busy background. Hidden objects are goose, gate and glove.
